

Tolles Career & Technical Center offers tuition-free career & technical programming to students who are interested in pursuing their education at a two- or four-year university; students interested in pursuing a career immediately after high school; or a combination of both. As Tolles is considered an extension of Hilliard City Schools, students are expected to meet graduation requirements in order to graduate from their respective Hilliard high school. In addition to receiving their high school diploma, students who successfully complete a Tolles program will receive a Certificate of Completion and Career Passport from the Center.

Tolles offers a full range of college preparatory academics and Spanish. Tolles provides students with several opportunities to receive college credit through the PSEO (for qualifying students), dual enrollment, and articulation agreements. Articulation agreements with several central Ohio two- and four-year colleges provide students with the opportunity to receive college credit for successful completion of certain programs. Many Tolles students continue their education at the post-secondary level, receiving over \$600,000 in college scholarships last year.

Full-day and half-day options are available to students. Students may choose to take their academics at a Hilliard High school or at Tolles. Transportation is provided to and from the Center.

Entrance Requirements

Admission requirements to attend Tolles Career & Technical Center include a minimum of eight (8) high school credits (including six core course requirements in English, Math, Science, and Social Studies). Students with three years of high school must have ten (10) high school credits with eight core courses. It is strongly suggested that students satisfy their Health and Physical Education credits prior to attending Tolles Career & Technical Center. Additional prerequisites may be required depending on the program.

Additional Information
